Cayenne (V6) - Engine Oils Approved by Porsche

Note

This Technical Information replaces the following TI: Cayenne, Group 1, #3/07, dated April 16, 2007. However, should you have inventory of engine oil that was listed on the previous Technical Information bulletin, Cayenne No. 3/07 dated April 16, 2007, it can be used up through December 31, 2008.

Vehicle Type: **Cayenne (V6) (1st Generation) 2004 to 2006**
Cayenne (V6) (2nd Generation) As of 2008

Model Year: **As of 2004**

Concerns: Overview of engine oils for the North American market approved by Porsche for the Cayenne (V6), refer to Approval Lists 1 and 2.

Note: The factory filled motor oil for new Porsche vehicles is Mobil 1 0W-40. Should a situation arise where Mobil 1 0W-40 is not available, any of the oils in the following lists 1 or 2 are approved when available.

Approval List 1

Information: All Cayenne with V6 engines sold in the North American market have the maintenance calculator set to an oil change service interval of 10,000 miles (15,000 km) or 1 year. The maintenance calculator in the Cayenne (V6) determines the time of the engine oil change, depending on the vehicle load and driving style, and issues a request for "Service" via the multi-function display.

Important: When changing oil on a Cayenne V6, please make sure to fill out a "Oil Change Service Checklist". This checklist is accessed from the Doc Repository/Service Operations/Group 0/#0607..

Important Notice: Porsche Cars N.A Technical Bulletins are intended for use by professional technicians, not a "Do-it-yourselfer." They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Special tools may be required to perform certain operations identified in these bulletins. Use of tools and procedures other than those recommended in these bulletins may be detrimental to the safe operation of your vehicle. Properly trained technicians have the equipment, tools, safety instructions and know-how to do a job properly and safely. If a condition is described, do not assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your Porsche Dealer for information on whether your vehicle may benefit from the information. Part numbers listed in these bulletins are for reference only. Always check with your authorized Porsche dealer to verify correct part numbers.
